PROKODA®

Training schedules for further data center training in Germany 2018

Continuous professional education of the data center team increases compliance in the data center, leads to faster success in interdisciplinary projects and reduces the frequency.

Practical side effect: Employee retention despite a shortage of skilled workers!

course	Language	Type	Location	Beginn	End
CDCP	English	virtual	anywhere	29.01.2018	30.01.2018
CDCS	English	virtual	anywhere	31.01.2018	02.02.2018
